

**YOUR COMPREHENSIVE
SOLUTION FOR ALL CNG
& CBG NEEDS**

About Us

'SANMISH ENERGIES' is a dynamic alliance of passionate energy sector professionals dedicated to driving a cleaner, greener future through innovative and sustainable solutions. With a strong commitment to innovation, sustainability & strategic market expansion, Sanmish Energies strives to emerge as a leading force in the renewable energy sector.

Our Vision & Mission

To provide innovative, sustainable, commercially viable and futuristic solutions to the clients and ensuring smooth adaptability and implementation in aggressively transitioning energy scenario using our hands on experience in designing, engineering & execution.

Our Offerings

I. Products & Equipment

CNG/CBG/Hydrogen Cascade
(150 WL to 10500 WL)

NG/CBG
Odorizing Unit

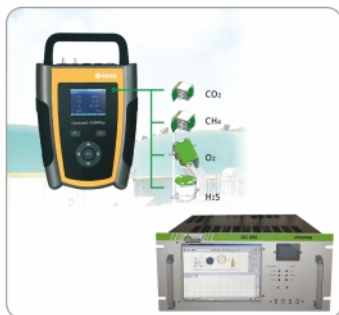

LCV Fill Post with
Mass Flow Meter

Priority Panel

SS Tubes
(Authorised distributor
for Jindal Tubes)

Biogas Analysis System
(Analyzers & Chromatographs)

High Pressure
Compressor & Boosters
(250 SCMH to 2400 SCMH)

CNG/CBG/LPG
Dispenser

LNG
Dispenser

Hydrogen
Dispenser

Innovative cascades
with PRS for all
Applications

Mass Flow Meter
(PESO & W&M approved)

CNG Mobile
Refueling Unit

PNG Metering & Regulating
Stations | Decompression Unit

II. Services & Solutions

- ✔ City Gas Distribution
(Land Identification, Planning, Procurement & Execution)
- ✔ Compressed Biogas
(Designing, Engineering, Execution and Operations of High Pressure Solutions in BioCNG)
- ✔ HAZOP, QRA & HIRA Services, Gas Loss Reduction, Proper Metering & Regulation.
- ✔ CNG/CBG Stations, DODO's/Full DODO's
(Design, approvals, Construction, Procurement, Execution & Operations)
- ✔ LNG/LCNG/EV-Charging Stations and Industrial Solutions
- ✔ Commercial & Industrial Energy Requirements
- ✔ Demand Generation for CNG/BioCNG through Innovative Products
- ✔ Bulk LPG, LNG, CNG Supply

International Ventures

- Forayed into African Territory as EPC & Equipment Supplier in CNG Business
- Technical Tie-Ups and JV Companies in Nigeria & Tanzania

Clientele

and many more...

"Join us on our journey towards a Sustainable & Energy-efficient Future."
